

WMCPA - ROLESVILLE, WENDELL, ZEBULON WATERSHED MANAGEMENT **CONSTRUCTION PLAN APPROVAL**

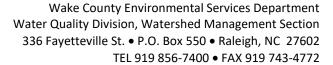

Parker Ridge -Sediment Basin Nos. Project Name SB #7 & #10 Revision Jurisdiction Rolesville Watershed Lower Neuse **Date Processing Disturbed** Date Received 7/1/2024 **Initiated** 7/15/2024 Acreage 62.9 \$15,575.00 PAID \$150.00 PAID **S&E Permit** S&E \$75.00 PAID **S&E Permit** \$15,725.00 PAID **Number** SEC-111977-2023 Plan Review Fee \$75.00 PAID **Fee** \$150.00 PAID \$2,500.00 PAID **SW Permit** SW \$150.00 PAID **SW Permit** Number SWF-111983-2022 Plan Review Fee \$150.00 PAID Fee \$2,500.00 PAID Applicant: **Engineer:** Name Lennar Carolinas, LLC / Michael Taylor Name: BGE Inc. / Debra Ferm, PE 1100 Perimeter Park Dr., Suite 112, 5440 Wade Park Blvd., Suite 102, Address: Morrisville, NC 27560 Address: Raleigh, NC 27607 Phone: 919-863-6461 Phone: 919-337-2837 Email: Michael.taylor@lennar.com Email: <u>dferm@bgeinc.com</u> Plan Date/Revision Date: 7/1/2024, 4/10/2024, 1/15/2024, 11/21/2023, 10/02/2023

The above-referenced erosion control and stormwater management plans have been reviewed and approved with the following conditions. **Approval Date:** This revision approval is for the resizing and relocation of Sediment Basin Nos. SB #7 and SB #10. Parker Ridge Subdivision is approved for the creation of 161 single family residential lots and 114 7/15/2024

townhome units. Plans approved limiting the maximum impervious surface of 1,893,989 SF (43.48 acres) that has been dispersed over 161 single family lots, 114 townhome units, streets, and sidewalks. The project shall provide stormwater control (peak attenuation, volume management and water quality) with four (4) Wet Detention Ponds. See approved site data below.

Approved Site Data:

Permitted	Road (SF)	Lots (SF)	Other (SF)	Total	
Impervious (SF)	1,078,981	669,082	145,926	(SF)	1,893,989

		A mandatory preconstruction meeting is required between the owner, contractor, and Wake County prior to			
\boxtimes	1.	issuance of the Stormwater and Land Disturbance Permits. Please call to schedule this meeting at your			
		convenience. Provide two (2) full-size sets of plans to Environmental Services Watershed Management.			
	2.	Grading, other than for installation of soil erosion and sedimentation control measures, is prohibited prior to			
		the issuance of a Certificate of Compliance. [10-30-7(D)]			
		Contractor shall follow plans strictly and maintain contact with Wake County prior to making any field			
\boxtimes	3.	modifications to erosion and sediment control devices. No devices shall be removed without prior approval			
		from Wake County.			
		Wake County's sedimentation pollution control program is performance oriented, requiring protection of the			
		natural resources and adjoining properties. If at any time during the project it is determined that the Erosion			
	4.	and Sedimentation Control Plan is inadequate to meet the requirements of the Erosion and Sedimentation			
		Control Ordinance of Wake County, this office may require revisions in the plan and its implementation to			
		ensure compliance with the Ordinance.			
		As of April 1, 2019, all new construction activities are required to complete and submit an electronic Notice of			
		Intent (eNOI) form requesting a Certificate of Coverage (COC) under the NCG010000 Construction General			
		Permit. After the form is reviewed and found to be complete, you will receive a link with payment instructions			
		for the applicable annual permit fee. After the fee is processed, you will receive the COC via email. As the			
	5.	Financially Responsible Party shown on the FRO form submitted for this project, you MUST obtain the COC			
		prior to commencement of any land disturbing activity. The eNOI form and fee details may be accessed			
		at <u>deq.nc.gov/NCG01</u> . Please direct questions about the eNOI form to the <u>Stormwater Program staff</u> in the			
		Raleigh central office. If the owner/operator of this project changes in the future, the new responsible			
		party must obtain a new COC.			
CLII		SUBDIVISIONS ONLY Builders are required to obtain grading permits for cumulative disturbance over one acre			
\boxtimes	6.	(including non-contiguous lots).			
Stormwater COA - All Conditions of Approval (COA) must be completed and approved by Wake County prior to final plat					
		ignoff of the Certificate of Occupancy (C.O.) for future building permits. Items required prior to final plat or			
building permit approval are checked and listed below.					
bulluli	ig perii	As-Built Plans – Upon completion of required improvements, an as-built plan of required stormwater			
\boxtimes	7.	improvements must be submitted (must indicate that stormwater improvements were constructed in			
		accordance with the approved plan).			
	•				
	8.	Maintenance Plan			
	\boxtimes	The developer must record and reference on the record plat, a maintenance plan providing instruction			
		a. about annual maintenance tasks and associated costs for at least a 20-year period.			
	\boxtimes	It will be the responsibility of the property owners' association or lot owner to update the maintenance			
		b. plan at least every 10 years.			
	9.	Maintenance Agreement			
		-			

WMCPA – ROLESVILLE, WENDELL, ZEBULON WATERSHED MANAGEMENT CONSTRUCTION PLAN APPROVAL

		The developer must record and reference on the record plat, a maintenance agreement or restrictive covenant that sets for the property owners' association's or lot owner's continuing responsibilities for maintenance, including how cost will be apportioned among lot owners served.		
	\boxtimes	The maintenance agreement must provide that the association and its individual members are jointly and severable liable for maintenance.		
\boxtimes	10.	All maintenance documents required must be submitted prior to record plat approval and must be referenced on the record plat. For developments not requiring record plats, documentation must be submitted prior to building permit issuance.		
\boxtimes	11.	Performance Guarantee – The municipality may not approve a record plat or issue a building permit until stormwater improvements required of the developer have been completed or a performance guarantee has been provided.		
Applic	able R	lations		
\boxtimes	12.	Parties Responsible for Maintenance of Improvements		
	\boxtimes	The developer must maintain stormwater improvements until accepted by a property owners' association or lot owner. The developer must disclose which party will be responsible for continued maintenance on the record plat.		
	\boxtimes	Before improvements are accepted for maintenance by the property owners' association or lot owner, the developer must certify to the property owners association or lot owner and the county that improvements are complete and functioning as designed.		
	13.	Enforcement and Penalties		
	\boxtimes	Failure to complete required improvements or failure to maintain improvements as required by the approved plan are violations and subject to a fine of up to \$1,000 per day.		
		Inspection of Stormwater Improvements – Wake County agents have the right to inspect sites to determine whether stormwater improvements are being installed and maintained in compliance with the ordinance.		
\boxtimes	14.	Validity of Plan, Lapse of Approval — An approved erosion and sedimentation control plan is valid for 2 calendar years from the date of approval. If a land disturbance permit has not been obtained within the 2-year period, the erosion and sedimentation control plan approval becomes null and void.		
\boxtimes	15.	Actions Required Prior to Land Disturbance		
	\boxtimes	S&EC plan approval and land disturbance permit issued must be prominently displayed until all construction is complete, all permanent sedimentation and erosion control measures are installed and the site has been stabilized. A copy of the approved plan must be kept on file at the job site.		
	\boxtimes	No person shall initiate a land-disturbing activity until notifying Wake County of the date that the land-disturbing activity will begin.		
\boxtimes	16.	Authority		
	\boxtimes	County officials may enter any property, public or private, at reasonable times for the purpose of investigating and inspecting the sites of any land-disturbing activity. No person shall refuse entry or accest to any authorized representative or agent for the County who requests entry for purposes of inspections and presents appropriate credentials, nor shall any person obstruct, hamper, or interfere with any such representatives while in the process of carrying out their official duties.		

Wake County Environmental Services Department Water Quality Division, Watershed Management Section 336 Fayetteville St. • P.O. Box 550 • Raleigh, NC 27602 TEL 919 856-7400 • FAX 919 743-4772

WMCPA – ROLESVILLE, WENDELL, ZEBULON WATERSHED MANAGEMENT CONSTRUCTION PLAN APPROVAL

		Agents and officials of the County will periodically inspect land-disturbing activities to ensure compliance with the North Carolina Sedimentation Pollution Control Act, this article, or rules or orders adopted or issued pursuant to this article, and to determine whether the measures required in the erosion and sedimentation control plan are effective in controlling erosion and sedimentation resulting from land-disturbing activity.				
	\boxtimes	c.	Any land-disturbing activity will be the responsibility of the person(s) conducting the land disturbing activity, including the property owners. Failure to prevent off site sedimentation will be deemed a violation of the erosion and sedimentation control regulations of this article.			
	17.	15A NCAC 2B.0714 — Due to the location of this project, it should be noted that a rule to protect and maintain existing buffers along watercourses in all of Wake County became effective in 2006. The Neuse River Riparian Area Protection and Maintenance Rule applies to all perennial and intermittent streams, lakes, ponds and estuaries in Wake County with forest vegetation on the adjacent land or "riparian area". In riparian areas with existing forest vegetation in the first 30 feet directly adjacent to the stream, the rule prohibits land disturbance, new development and fertilizer use within the first 50 feet of land next to the water. In riparian areas with forest vegetation that is less than 30 feet wide, the rule prohibits land disturbance, new development and fertilizer use within the area that contains forest vegetation (but not the entire 50-foot riparian area). For more information about this riparian area rule, please contact the Division of Water Quality's Wetland/401 Unit at 919-707-3631. Wake County enforces the Neuse Buffer Rules in both the Cape Fear River Basin and the Neuse River Basin except when superseded by the Jordan Buffer Rules [15A NCAC 02B.0265].				
Agei regu Arm Coui	Wake County Watershed Management Section is not responsible for subject approvals of other Local, State or Federal Agencies. The subject approvals are (but not limited to) Federal Emergency Management Area Flood regulations/requirements, Division of Water Quality under stormwater or other water quality regulations/requirements, U.S. Army Corps of Engineers under Article 404/401 (Wetlands/Streams) jurisdiction/requirements, and/or any Federal, State, County and Local municipal regulations or permit requirements. The approval issued in this letter cannot supersede any other required permit or approval.
